

Freshmen Do Fine Job On Skit Night

The frosh outdid themselves in roviding a fine evening of enterainment as a fitting climax to St. dmund's Day.

Setting a precedent by taking ver the complete entertainment ortion of the annual celebration, onoring Father Lyons, who was uest of honor at the program, the lass of '51 put on a show which vil go down as one of the enterainment highlights of the school

In a riotous and hilarious maner the first-year closs poked clean un at several campus "celebrities" ncluding "Duke" Wellington, and urlesqued several campus situaions in a two-hour show attended y over 700 students, members of he faculty and guests.

Paul Galarneau stole the show with his comic antics, some of which were dug up on the spur of he moment, while Jim Brennan id a fine job as master of ceremoies. Others who excelled in their idividual stunts were Billy Hart, s fine a pianist as he is an athete; even if he has a tough time ding music; Lou Bernard, Jekll-Hyde character who played wboy music one minute on his itar and sweet trumpet a few muteslater; Jack Toner, high ten-(?) and Bill Dillon, bobby-sox

Others participating in the show vere Bill O'Leary, John Wellingon, Gonzald Valiente, Paul Di-Biase, William Carpenter, Frank Cunningham, John Dillon, Dick Jacobowski William Kennedy, Harry Wilson, Roger Vasseur, Cliff Watins, Vincent Morin, Maurice Guilemette Tony Garafanso, George Keefe, Don Gerety, Otto Hugbenz.

DOUBLE FEATURE FOR DePETERS

On Monday evening, the proud apas of Miketown were gathered ogether in George McLean's apartnent trying to help Ed DePeter eass away the "most anxious monents" of his life. Eventually, a ame of poker was begun, and was progressing nicely when Ed receivd a 'phone call requesting him to ome to the Bishop DeGoesbriand ospital.

When Ed had hastily made his xit, George turned up Ed's departd hand, and announced that Ed ad "a pair." Little did he know he truthfulness of his statement!

An hour later, George received a all from Ed-who announced that irst duo to make a simultaneous ppearance in the Miketown nurs-

Father Lyons, President of St. lichael's, will baptize the twins, who will be named Edward, Jr. nd Thomas. We of The Michaeln add our congratulations.

PRESIDENT'S DAY PROVES SUCCESS

Freshmen class officers win "Well Done" from their moderator, Rev. T. Donald Sullivan, for fine work in preparing Skit Night, Left to right: Vice President and M. C. Jim Brennan; President Tom Breen; Secretary Frank Cunningham; Father Sullivan; Treasurer and director, Bob Sauer.

FROSH WHIPS VARSITY IN WIDE OPEN GAME

With height and speed galore the Freshmen basketeers downed the St. Michael's varsity quintet by a 61 to 42 score as they rounded out a part of the President's Day celebration.

The game was freshmen all the way after the first few minutes, and was not much of a surprise to those who have followed the teams closely during practice sessions.

The entire Freshmen team looked like a potential threat to win the Vermont Freshman Conference U. V. M., Middlebury and Norwich. All the frosh's plays worked like a charm and were up protecting the back boards throughout the entire exhibition.

In the first few minutes the varsity held a slight lead of not more then four points at a single time. The upper classmen worked the ball around in the fore court without error, until the frosh put the pressure on after six minutes of

Five Mikemen Hurt In Two Car Crash

Five Swanton Michaelman were injured in a two-car crash Tuesday on Route 7.

Larry Barrette; Merle Tatrault and Walt Hamel were seriously injured while Leon Babbie and Gene Lemaire received minor injuries.

The Mikemen were returning home for the holiday Wednesday when the accident took place.

The Barrette car crashed into the rear of another that had turned left into the highway.

Hospital authorities said the condition of Hamel, a nephew of Father Hamel, was critical.

Fr. Lyons Loses Competent Secretary

Fr. Lyon sis losing his competent secretary, Joan (Garrity) O'Brien, this week. She is going to Middlebury to be with her husband. Ed, who has taken the position of district manager for the Metropolitan Life Insurance Co. Ed, a senior, will commute to school to pick up a few more credits needed for graduation.

They have already located a three room apartment in Middlbeury. Tenants for the O'Brien apartment on campus are the DePeters, Ed and Mary, and the twins.

St. Michael's is sorry to see Joan leave, and wishes Ed all luck and success in his new job.

President's Day at St. Michael's an all day celebration that started with a solemn high mass Wednesday morning at Austin Hall and closed with the traditional Freshman Skit Night, was highlighted by the address of the Very Rev Daniel P. Lyons, S. S. E., college president, to the students at the noon banquet.

Tracing the history of the Fathers of St. Edmund and their devotion to the high scholarship which distinguished their patron, Father Lyons urged the Michaelmen to imitate St. Edmund and set a goa for themselves.

In lighter vein, Father Lyon answered a student complaint a voiced in last week's "Michael man". The student was quoted a saying about the high standard demanded at the colloge: "We came to St. Michael's for an education but we didn't expect to get it all in one year". Father Lyons replied "You can quote me as saying there will still be enough left for the next three years"

In more serious comment, the president declared he was aware of the burdens the students were carrying in their courses, but added, "The faculty is definitely gratified by the high calibre and seriousness of work performed by the majority of this year's student

Lauds Vets

Father Lyons told the students that the work of the veterans was especially commendable. Admitting that the college purposely set high standards worthy of the order's patron saint, Father Lyons however, urged the students to take part in extra-curricular activities as well.

The St. Michael's president concluded by saying, "If you want to be great, if you want to be a leader and not a follower, if you wan to do justice to yourself and to your parents, and to forward the intersts of your church, college and country, then, you must, like St Edmund adopt a definite aim in life, and pursue it with all the vigor and enthusiasm of which you are capable.

This quiz grades you as a hermit or as an ideal dorm companion. If you answer "No" to at least 11 of these questions you're a pretty fair roommate. If you answer "No" to 13 to 17 it means you are a wonderful companion, but if you answer more than 17 you are too good to be true.

And then on the other hand if it is below nine, we suggest that you become a hermit.

Crowley Speaks

The talk by Father Lyons was in response to the greetings as expressed by the senior class president John Crowley, of Babylon, L.I. who recalled the tradition at St Michael's, that St. Edmund's Day be set aside, not only for the celebra-tion of the feast of the Founder of the Society, but also as a day on which the students may honor their college president.

In speaking of the aims of the president and the college, Crowley noted that, "They strive to bring the student to think; to possess and be possessed by the highest and the best of thinkers-philosophy; to bring the student to know the truth of men; how they have lived both for the most noble and the most ignoble ideals; and that is history; to bring the student to

EDITORIALS Death-Knell For Hockey

The subject of hockey has been bandied about the columns of The lichaelman and in campus bull-sessions for the past two weeks ith mixed feelings.

Editorially, The Michaelman called for a representative hockey am or the relegation of the sport to an intermural basis.

Hockey enthusiasts, both players and lovers of the sport, have disassed the subject, while the athletic department carefully considered all angles before making a decision.

Now that decision has been made. St. Michaels will NOT parcipate in intercollegiate hockey this year.

Several thing were taken into consideration in the formulation it his decision. These include:

1) The athletic budget is not large enough to give the sport to financial support it would need in order to give the school a truly epresentative team. This means that the old equipment is insufficient for immediate needs and that the construction of a suitable

nk would far exceed the money available for the support.

2) The school is not able at the present time to engage the serves of a competent, experienced coach for the sport. Thus the athetic department feels that rather than proceed on the hit-or-miss asis that has characterized the past several seasons, it would be etter to suspend the sport intercollegiately at least, until the sufcient funds will be available to secure the services of such a coach.

3) Most important of all. The financial situation boils down to ust one point, St. Michael's is trying to build up its football, basketall and baseball teams — sports in which the college can receive the maximum good will. Football and basketball will eventually pay or themselves. Experience has shown in other colleges, even those small as ours, that these two sports will carry the burden of any other sports, which in themselves produce no revenue.

Without an indoor rink, where fans can sit and watch a game in emfort, hockey will never make money and seldom pay for itself. The school will be represented in several sports besides the "big aree" — golf, tennis, speed skating and perhaps skiing. Some of its representation will be by individuals rather than by teams. But he money spent will be directly beneficial to the school.

Since hockey deserves nothing less than major sport recognition and since individuals cannot represent the school in this sport, there ill be no St. Michael's sextet on the ice for this season at least.

The Michaelman feels that the spirit of its stand on the sport has een filled by the athletic department's decision. Whether it is in the eld of sports or any other activity in which the school as a unit is neerned, this paper has only one editorial policy: To question hether a decision made has been for the good of the school. In this se, we believe it has been.

"The Other Life"

Mikemen who have been experiencing this manner of living for the past several years have in general found it pleasant and productive. It is the little things like the fullness of the observance of St. dmund's Day that make their path easier. Wednesday's celebration this great feast was no exception. The day was marked with omp and simplicity, gaiety and seriousness and most important of looking the part of the ever present gripes; forgotten, the day at lieast, were their scholastic burdens. There was no lifish motive on the part of the many students who joined together pay tribute to their teacher-priests and especially to the one who is never let down in his efforts to give them the very finest of pristian liberal educations — Father Lyons. From the Mass at usin Hall in the morning to the fall of the curtain on the riotous wit Night presentation, it was a red letter day in the school year. Only severved to prove once more that "The Other Life" isn't so dafter all

HILL WIND

By Dick Jakobowski

A survey of proposed social activities for the next several months brought about these suggestions and ideas

Jeff Keating, Springfield, Mass.

I think it would be nice if we had dancing after the basketball games this year. It would certainly draw a larger crowd and would make the night very entertaining.

Mike Kehoe, New York, N. Y.

Lets have some informal and well organized skating parties this year, and to make them successful I'd suggest dates, blue lights, soft music over the P. A. system, fires and coffee and doughnuts.

Dick Brown, Great Neck, N. Y.

All or most of the activities should be held on the campus and I am very much for skating parties this winter. A concession near the rink would help maintain it. We also need a larger skating rink.

Bob Digan, Springfield, Mass.

I would like to see more outdoor social activities held by St. Mike's in the form of sleigh rides, skating parties, the usual sking trips, and various get-togethers like that pep rally of Friday night.

Al LaFrance, Boston, Mass.

I recommend bigger and better skating parties. We can enlarge the present rink or build a large one in the open field behind St. Pat's Hall. A good suggestion would be to have a juke box installed in Austin Hall, so that those who are tired of skating can dance, and also have a cup of good hot coffee.

Tom Brown, Great Neck, N. Y.

At present, skating parties will be fun, but looking forward a little, what are we going to do about tennis? The courts seems to have disappeared.

Gunner Thompson, Clinton, Mass.

I am very much in favor of sports smokers and we should have them often. Sports movies should be inincluded in the smokers. I am also in favor of intramural boxing.

Jack Lawler, Brooklyn. N. Y.

We should have community singing around a large bon fire. They can be held at the same place the rally was held. Bring dates and we can sing, roast dogs and marshmallows. Another suggestion is organized Sunday hikes with dates, to various places, take pictures, and have hot coffee waiting at the destination.

Jack Pryor, Boston, Mass.

I think night skiing and ski dances at Underhill would be fun. We should have some variation in the campus dances, something similar to the ski dances, where everybody dances in their stockinged feet

CAMPUS STATIC

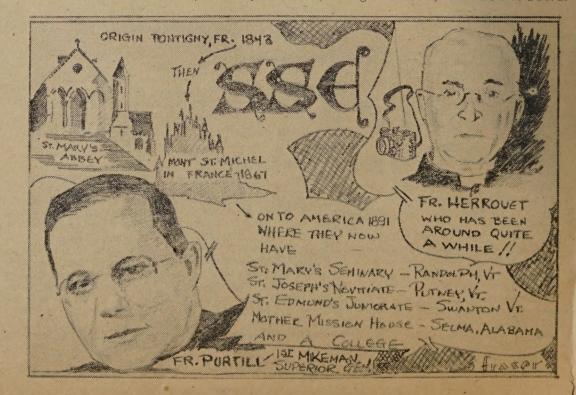

SHAMROCKS and SHILLELEAGHS

Shamrocks to the Frosh who worked hard to make Skit Night the huge success it was. Can't name all the lads who worked on it, but Tom Breen, Frosh Prexy, Dick Jakobowski and Bob Sauer head the list . . . A Shilleleagh to the UVMer's who joined the snake dance thinking it a rally for the Middlebury game . . . Shamrocks to the cheerleaders, Jack Burke, Bill Acton and Dick Bourdon . . Shamrocks to Jerry Crowley and George Dolan for engineering that leaflet bombardment over Norwich . . . Shamrocks to Jack Barry, Lem Lloyd and Rem Schoen, for last Sunday's broadcast of Catholic Information on the Air . . . Shamrocks to the Norwich Mourners who buried the Horsemen (a bit prematurely) last Saturday at Centennial

WITHOUT A SONG

The school spirit demonstrated at the pep rally was truly impressive. With such support, St. Michael's teams can tackle any opposition without missgiving. But here, as many times in the past, the absence of our college song was keenly felt. Snake-dacing downtown, we had to express our enthusiasm with such inappropriate ditties as "Hail! Hail! The Gang's All Here." Why not have a recording made of our school song and play it over the loudspeaker until we all know it? The Glee Club, under the direction of Mr. Burke, can also help greatly in remedying this sorry situation.

"I only know, I ain't no good no how, WTHOUT A SONG."

FROSH LOOK VERY GOOD UNDER FIRE

MICHAELMAN SPORTS VIEWS

From a cheering standpoint the Hilltoppers really outdid themselves last week end as they showed some rally fine school spirit. It was on the initiative of the student body and they really deserve a lot of credit for it. Those most especially active were: Jerry Crowley, Charlie Conway, Jack Burke, Bill Acton, Dick Bourdon and Jack Berry. It was really a fine showing and one that made us all proud to be Michaelmen and part of the spirit.

No victories is all that will be found in the annals of official scorer in years to come, but this does not, and will not tell the story of St. Michael's first year of varsity football in 14 long years. It will not tell of the team that was dogged by injuries and setbacks of other natures all through the season. It will not tell of the spirit of our the fighting spirit of the Michaelmen. It will not tell of a will to win so strong that players with injuries were hounding the coach to be allowed to play. It will not tell of the never yielding spirit of those who followed the team through the year adn cheered them on when the going was toughest.

No none of this will be recorded in the record books, but it is all a part of this football year at St. Michael's. So with it we give credit where credit is due, and extend our heartiest congratulations to Coach Corbett and the varsity and freshman football teams.

For a look into the basketball situation it would appear that the prospects for future years is very bright at St. Michael's as evidenced by the scintillating play of the frosh team in the pre-season game with the varsity forces. This is perhaps rather early to be predicting, but with such a wealth of ma-

terial we don't see how the Hilltoppers can be held down.

The varsity team looked good and played a very steady brand of ball, and good enough to acquit themselves in state competition. The play of little "Peanuts" Kasparovich was exceptional and they all work together as a unit well and will develop as the season pro-

FIGHTING MIKEMEN BOW TO HORSEMEN

After shoving the Norwich Horsemen all over the field for nearly three quarters, the St. Michael's eleven was finally downed by a 13 to 0 count at Centennial field last

By virtue of many fumbles and penalties the Horsemen capitalized and turned the Mikemen miscues into points that led them to one of their two victories, as Bog Jack O'-Connor and Nick Psalides plunged for two tallies.

St. Michael's provided the fans with their most exciting moments as they tore off long gains and threw beautiful passes, but could not punch across the Cadets' goal line. With Marty Conley leading the way and playing his finest game of the season, it looked like a field day for hte Purple and Gold team as they got off to a flying start and brought the ball deep into Maroon territory, but it was all in vain as cold hands caused a fumble to end the threat.

With Jack Daly back in the lineup and playing heads up ball the Mikemen had a life, but this was shortlived as the "Four blind mice" called play after play back and penalized the Hilltoppers.

We saw some of the finest line play of the year as glue fingered Bob Knight played his heart out, and showed a realy fine exhibition, and in the fourth quarter suffered a fractured ankle. Also orchids to Co-captains Bill Bransfield and Fran Driscoll who played standout ball in this the last game of their college careers.

This game brought back some of the color that is football and has been so sadly lacking in games up to this date. With the fun starting with the dropping of leaflets by plane on the Norwich campus, a mammoth bonfire and rally, including a snakedance down to Burlington and a really spirited cheering section at the game it really seemed like King Football was Reigning.

This is the best showing of the year and for it the whole student body should take one long bow.

Thus finishes the first year of St. Michael's football in 14 years, and although it was one without a victory we feel sure that in years to come St. Michael's will be back on top of the heap again and prove to all that they are to be reckoned with.

Weather Balks **Intermural Play**

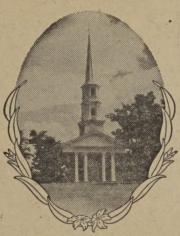

By Bob Flanagan

Once more last week, the intramural schedule took a beating from the weather man. Rain, snow, sleet and generally miserable conditions were responsible for the cancellation of all games except one.

On Monday Old Hall 4A took their filth straight, this time from St. Johns 15-0. Lavelli and Barry scored the T. Ds. with Lavelli also adding two points on a safety.

Due to the-weather and a gradual decline in student interest, an un usual twist has developed in the standings. The league-leaders, Old Hall four 4, have a record of five wins and no losses but the runnersup, St. James second floor, have only two victories. Since both teams are undefeated it seems it would be a good idea to match them in a post-season contest. The game could be played Monday the 24th, on Observatory field. From the looks of present weather conditions, we might have to call it the "Snow-

At this writing, it looks very much as if Old Hall four A will emerge as the season's champs. Week after week, Hump McCarthy, George Lavelli, Ray Howland, Jim Barry, Art Reed and Les Mahoney have been turning back all comers. It seems that such a fine showing should rate more than just a "well done." Perhaps Doc Jacobs' office already has some plan on the fire. If not, how about the suggestion made in The Michaelman earlier this year: A supper for the champs at one of the down-town restaurants? A good Michaelman never down a free meal.

OLD HALL Varsity Works Hard;

The Old Hall fourth floor "B" team took over the Intra-mural Championship from the hard fighting St. James 2, 7 to 0, Wednesday morning on the A. A. field.

George LaValley for Old Hall looked good with an accurate passing eye. Harry Scully for the James boys took off on some long runs and also the portsider hurled some fair passes with Leo Denault and Bill Heenehan on the receiving end.

The boys from the flats scored early in the second period with a long pass from LaValley and then made the point after with the same play. They held the lead throughout the remainder of the game although St. James made some strong attempts.

WINS TITLE Frosh Powerfull

(Continued from 1st page)

Little "Willie" Hart, negro speedster of the football team, strutted his basketball talents in ringing the bell from every section of the court. Bill scored 17 points on the offense and looked strong on the defense.

Another standout for the freshmen was tall Jack Hennessey who controlled the back boards on both ends of the court while tallying seven points. Hennessey has possibilities of becoming an all-around college athlete in football and bas-

Ed Markey, also of the frosh, was a good all-around player and playmaker, was second high scorer with 12 points while little "Peanuts" Kasparovich led the upper classmen with 11 tallies. Jack Holland of the youngsters also threw 11 markers.

The varsity quintet played an unsteady game and seemed rattled at times throughout the encounter They wanted to work the ball under the basket rather then try to work their set shots. They played right into the hands of the frosh defense by doing this.

Big Carl Coffey looked good under the basket but couldn't get the ball all the time with Hennessey in there. Steve Guter took three lon gshots and each went in for markers. Steve has not lost his eye.

Coach Jacobs showed a team well drilled in the fundamentals and one that will improve as time passes throughout the remainder of the practice sessions before the first game December 3, with Plattsburg

It appears that it is going to be another "wait until next year" as far as the coaches are concerned.

Pep Rally Warms Student Body

The Hilltop is back out of "the ed" after the largest pre-game pep ally in the history of the college, eld by the Michaelmen before the l-fated St. Mike's-Norwich football ame.

Starting early Friday afternoon, to students of the Sophomore class ombarded Norwich with pamblets from an airplane flown by the of the students.

Later that evening a long snake ance was held through all the orms and finally across the road here a huge bonfire was blazing, he heat and light of the fire along ith the cheers and yells which ere led by Bill Acton, Dick Bouron, and Jack Burke, helped to spel the bitter wind.

Following the rally, the Hilltopers paraded down the hill to incoski where they held the main tersection at a standstill. Underending motorists stood by parently, and listened to the cheers ad yells of the student body.

Led by the band they marched to Burlington stopping only to renade the nuns and students of inity College.

Long after the rectors had enced the "11 o,clock rule," Nortick invaded the Hilltop, but ought up nothing more original an to paint the doors red and tear the goal posts. They had to come wn sooner or later.

On the gridiron the next day the kemen lost to the paint tossers to 0. Throughout the game, spireigned supreme.

"Meet Your Prof"

By Joe Hart

Today we are pleased to introduce a man who is rapidly becoming a true friend of St. Michael's. Mr. Leonard Caners of Winnipeg, Manitoba, Canada.

Born in Holland, Mr. Caners accompanied his family to this country as a youth and lived for a few years in Minnesota before taking up residence in Canada. Here he received his early education.

He was awarded his A. B. and M. A. from the University of Manitoba where his major was French. After receiving his degree, he studied philosophy at the Petit Seminary in Montreal before coming to this country.

When he started studies at the University of Minnesota, Mr. Caners changed his major to Latin and educational psychology. He has been studying there for the past few years and will receive his Master's Degree in this field next summer. He has already started work for his Doctor's Degree. Along with with this, Mr. Caners has taken many Math courses and has studied at Gerkley University and the University of Madison, and in the past has been teaching in his home city of Winnipeg.

Asked about Vermont, he said he likes it and St. Michael's very much. But when we looked out the window at the first snow fall of the season, he remarked how "summery" our climate is — at least compared to Manitoba at this time of the year! We offered no argument.

740 Now Enrolled; ... 452 Are Veterans

There are now 740 students enrolled at St. Michael's. Of these, 452 are veterans. Three students have dropped out since classes commenced in September.
